

# Building Biblically Minded Believers

Middle-school students are daily confronted with worldviews that want to win their heart. *Basics for a Biblical Worldview* helps students distinguish a biblical worldview from false worldviews and equips them to live out a biblical worldview. Students learn to relate the story of Scripture to basic Christian beliefs and values as they learn what the Bible says about their identity, work, relationships, society, and belief system.

## Course Focus

### Case Studies

Students engage with real-world people and events in the case studies by evaluating the different scenarios from a biblical perspective. These studies prepare students to think biblically when they encounter similar situations in their own lives.

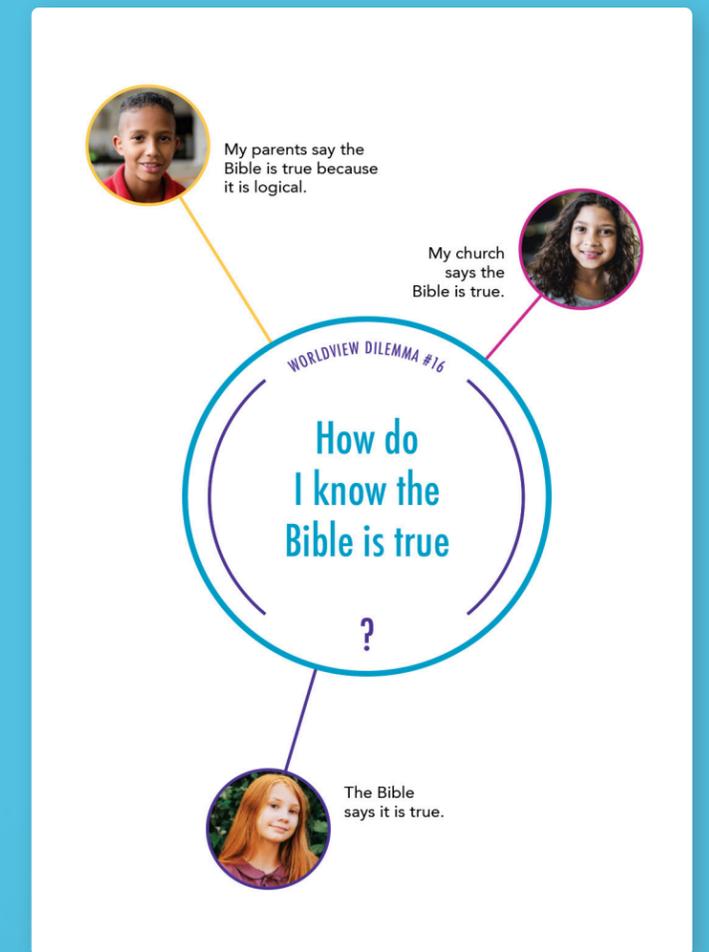

### Worldview Questions

Students research and dig deeper into specific worldview ideas. These projects help students develop research skills and critical-thinking skills

# Worldview Dilemmas

Worldview dilemmas are practical questions that sixth graders will encounter. Examining these questions with a teacher's guidance helps students address difficult questions through the lens of Scripture.

# The Materials

## Student Edition

This student edition helps students evaluate the ideas in the world around them. Written in an age-appropriate style, this book directly addresses the truth of the biblical worldview and the false ideas behind other worldviews.

## Teacher Edition

The teacher is the key to helping students internalize the truths in the student edition. This edition provides many meaningful lecture and discussion suggestions and encourages collaboration and active student participation.

*Student activities, activities answer keys, assessments packets, and assessments answer keys are also available.*
